

Onboard One

One contract. **One** program. **One** dedicated partner for fast, reliable internet service.

Onboard One is a **fully managed, portfolio-ready internet program** that simplifies connectivity across scattered-site portfolios while **maximizing NOI** and **eliminating operational friction**. Residents get seamless, always-on internet from day one. Owners create a new revenue stream. **We manage the rest.**

An Internet Program *Like Never Before*

We partner with top internet service providers to deliver a **best-in-class** offering at scale.

Simplicity

One agreement across your footprint. No legal redlines, no ISP relationships to manage.

New Revenue

Earn **\$10+/unit/month** with minimal operational lift.

Move-In WiFi

Lightning-fast, Gig-speed internet for residents without the set-up.

Hands-Off

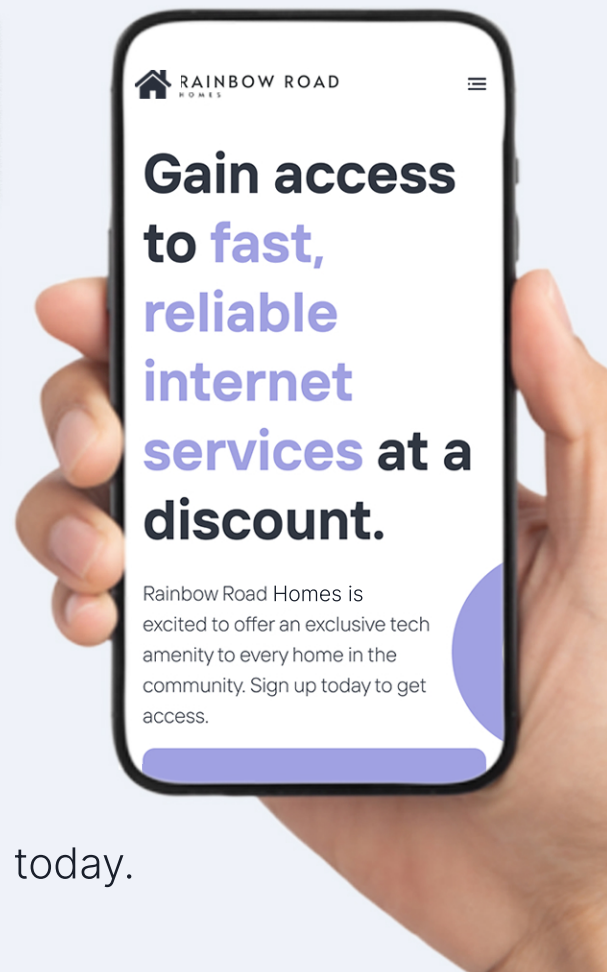

Onboard manages enrollment, compliance, and program support.

Purpose-Built

Designed specifically for SFR owners and operators.

Scalable

Works across scattered-site assets with ease, enabling easy program expansion.
